SOCIAL STUDIES Monday · Week 9

QUARTER 1 SYNTHESIS AND PORTFOLIO REVIEW

Comparison Project Kickoff

Compare the three civilizations; consolidate the quarter's skills; assemble the portfolio.

LEARNING TARGET

Three-civilization comparison chart (geography, government, religion, math, decline).

DO IT — TODAY'S ACTIVITIES

1. Draw a pyramid showing the social classes you read about. Add one sentence describing each level.

2. Summarize one belief or story from today's lesson in 4–6 sentences. Identify the main message (theme).

3. Make a 3-column chart comparing the three civilizations on geography, government, and a category of your choice.

4. Vocabulary: list three new terms from today and write a kid-friendly definition for each.

QUARTER 1 SYNTHESIS AND PORTFOLIO REVIEW

Comparison Project Kickoff

Compare the three civilizations; consolidate the quarter's skills; assemble the portfolio.

LEARNING TARGET

Plan a comparative informative essay on Maya/Aztec/Inca (W.5.2).

DO IT — TODAY'S ACTIVITIES

1. Draft an informative paragraph (5–7 sentences): topic sentence + 3 facts with sources + closing sentence.

2. Word study: copy three words from today's reading you'd like to learn. Underline any Greek/Latin root you spot.

QUARTER 1 SYNTHESIS AND PORTFOLIO REVIEW

Comparison Project Kickoff

Compare the three civilizations; consolidate the quarter's skills; assemble the portfolio.

LEARNING TARGET

Performance task: identify three unknown materials by their properties (5-PS1-3).

DO IT — TODAY'S ACTIVITIES

1. Test 4 materials for at least 3 properties (e.g., color, hardness, magnetism, transparency). Record in a table.

2. Given 3 unknown samples, list which property tests you would run to identify each, and why.

3. Notebook check: date the page, write the learning target, and add one new vocabulary word with its meaning.

MATHEMATICS Tuesday · Week 9

QUARTER 1 SYNTHESIS AND PORTFOLIO REVIEW

Drafting

Compare the three civilizations; consolidate the quarter's skills; assemble the portfolio.

LEARNING TARGET

Spiral review; word problems mixing decimals and expressions.

DO IT — TODAY'S ACTIVITIES

1. Evaluate: 3 × (4 + 5) – 2

2. Evaluate: [(8 + 2) × 3] ÷ 5

3. Write an expression for: 'Three more than the product of 4 and 7.' Then evaluate it.

4. Write your own word problem that uses today's skill. Solve it, then have a partner solve it.

5. Make a 5-item flashcard set covering this week's math vocabulary. Quiz a partner.
